SUMMARY

Full Stack Developer with 2.8 years of experience developing and enhancing web applications using React.js, TypeScript, Node.js, Express.js, and MySQL. Contributed to application modules, integrated REST APIs and third-party GST services, and implemented form handling and validation to improve data accuracy. Experienced in database management, responsive UI development, and building user-friendly solutions that support business workflows.

SKILLS

- **Frontend:** React.js, JavaScript (ES6+), TypeScript (basic), HTML5, CSS3, Bootstrap, Custom Hooks, Responsive Design
- **Backend & API Technologies:** Node.js, Express.js, PHP, Laravel, RESTful APIs, JSON, Third-Party API Integration
- **Database:** MySQL, SQL, Schema Design, CRUD Operations
- **Cloud:** AWS (EC2, S3, IAM, VPC), Vercel
- **Tools:** Git, GitHub, Postman, Jira, Figma, Webpack, NPM, VS Code
- **Practices:** Data Structures, Agile/Scrum, SDLC, Unit Testing, UAT

EXPERIENCE

Software Developer | Pinaak Global Exporters | Pune, India | May 2025 – Present

A web platform for export-import (EXIM) training and consultancy where users explore courses, register, submit enquiries, and get automated guidance from an AI-powered Export Assistant.

- Developed a responsive React.js and TypeScript web application for export-import training and consultancy, delivering Course, Registration, Enquiry, Testimonials, Resources, and Contact modules for 50+ users.
- Built reusable, modular React components with Tailwind CSS and typed TypeScript props, creating responsive interfaces for desktop, tablet, and mobile across pages.
- Implemented form handling and client-side validation for registration and enquiry flows, ensuring accurate data entry, improved input handling, and a smoother user experience.
- Integrated frontend with REST APIs, handling asynchronous data, loading states, and error scenarios for a smooth user experience.
- Integrated an AI-powered Export Assistant into the frontend, handling user input, API communication, and response rendering to provide automated guidance on EXIM processes and documentation.

Software Developer | Eligo Apptech Pvt Ltd | Pune, India | Jan 2024 – May 2025

A practice management platform used by accounting and tax firms to manage clients, tasks, GST workflows, and reports.

- Integrated third-party GST APIs with Node.js and Express.js to validate GSTINs and auto-fetch business details, cutting manual client data entry time by 40% for 150+ clients.
- Built RESTful APIs and designed relational MySQL schemas with foreign keys and constraints for Task Management, GST, Reports, Client Management, and Testimonials modules, keeping average API response under 300 ms.
- Developed client-side and server-side form validation across 15+ forms, reducing invalid submissions and data-entry errors by 60%.
- Debugged validation and database issues in an Agile team of 8–9 using Git and Jira, reducing reported production bugs by 35%.

AWS Virtual Cloud Internship | AICTE/NEAT, supported by AWS Academy | Oct 2021 – Dec 2021

- Launched EC2 instances inside a custom VPC and managed S3 buckets and IAM roles with least-privilege access to host and secure a web application.

PROJECTS

React AI Tool: AI-Powered Chat Application | Personal Project

Tech: React.js, JavaScript, Groq API, LocalStorage, Markdown, Vercel

Live Demo: https://react-ai-tool-using-groq-api.vercel.app/ | GitHub: github.com/harsha21042/React-Ai-Tool-using-GroqAPI.git

- Built a responsive AI chat application in React.js, integrating the Groq API with asynchronous requests and error handling to manage failed calls gracefully.
- Created reusable React components and custom hooks to organize chat logic and simplify state management.
- Implemented chat management (create, rename, delete, auto-titles from the first message) with LocalStorage persistence so history survives page refreshes.
- Rendered AI responses with Markdown and syntax-highlighted code blocks in a sidebar-based UI with loading indicators, deployed on Vercel.

EDUCATION

B.E., Electronics and Telecommunication | Amrutvahini College of Engineering, Sangamner (Savitribai Phule Pune University)
Aug 2019 – May 2023
CGPA: 8.41

Languages: English, Marathi, Hindi, Japanese (learning)
